

PIHOA Strategic Framework 2018-2022

Improve health equity in the Pacific region through creative, dynamic leadership

1.0 Serve as the Collective Voice and “go to” Resource for Health in the Region

1.1 Maintain effective communications among members

1.2 Develop a focused agenda for US and key regional and international partners' engagement

1.3 Align PIHOA Board and Affiliate Associations' position statements/practices

1.4 Address issues through appropriate lens – urgent, continuation, or new

1.5 Advocate for flexible, responsive health policies, including the impact of climate change

2.0 Strengthen Capacity of Health Agencies

2.1 Support member agencies' WFD needs in building staff knowledge and skills

2.2 Address employment needs - succession, pay, career path, and health care capacity building

2.3 Support members' needs regarding successful grants and contracts implementation and accountability

2.4 Support region-wide development of informatics capacity: IT, data literacy, and processes

2.5 Develop a regional procurement capability for supplies and cost containment

3.0 Support Board Members as Health Leaders

3.1 Provide on-boarding services for new Board Members

3.2 Provide on-going support for Board Members, including affiliates

3.3 Support Board peer engagement and mentoring and provide expert consultation and technical assistance as needed

3.4 Engage Board members with other leaders across all sectors at key decision points

4.0 Promote a Culture of Health and Safety across the Pacific Region

4.1 Strengthen statutes, regulations and practices addressing NCDs and other health issues

4.2 Address the impact of social determinants of health (environment, geography, poverty, etc.) on health policies and options

4.3 Support members' efforts to model healthy behaviors

4.4 Promote health safety and security for the region

5.0 Increase PIHOA Organizational Effectiveness and Sustainability

5.1 Maintain a sustainable financial and organizational model

5.2 Continue Board development activities, including leadership development

5.3 Strengthen Board members' skills in health finance, management, governance and accounting

5.4 Expand Secretariat staffing support of member planning, budgeting, and health assessments

5.5 Provide optional financial management support services for members

Strengthen partnerships across the Pacific health enterprise

Maintain and improve communications across all sectors

Cultivate continuous quality improvement
