 - American Samoa is initiating discussions about how to vaccinate residents stranded in Hawaii and the US before repatriation
 - Early discussions about redirecting a portion of American Samoa vaccine allocation or lab testing kits to Hawaii
- CNMI
 - US government employees are being vaccinated by CHCC, so additional allotment of vaccines is requested at CDC-OWS
- Guam
 - Regional discussions about how to provide early vaccine to FSM citizens and government employees in Guam
 - Direct 1-on-1 weekly meetings between PIHOA-CDC-OWS still pending
- FSM
 - Challenges continue for redirecting shipments of vaccine from Pohnpei to the other states
 - FSM prefers direct vaccine shipments to each state
 - FSM having to pay for charter flights to allocate vaccine to states
 - January allotment for FSM has not been shipped due to logistics hold at CDC-OWS
 - Quarantine and isolation facilities have not been completed in most of the FSM states
 - FSM is initiating discussions about how to vaccinate residents stranded in the US before repatriation
 - FSM considering to redirect a portion of vaccine allocation to Hawaii or Guam prior to repatriation
 - FSM hoping to elevate priority of FSM residents living in Guam and Hawaii for early vaccination
 - Requests for further training on patient management and vaccination
- Palau
 - Working to establish travel bubbles to move toward slowly reopening borders
- RMI
 - Repatriation flights will continue monthly starting in January
 - Support is needed for Honolulu quarantine efforts (management of quarantined individuals, testing, PPE, etc.)
 - RMI is initiating discussions about how to vaccinate residents stranded in the US before repatriation
 - RMI inquiring about possibility to redirect a portion of vaccine allocation to Hawaii or Guam prior to repatriation
 - RMI hoping to elevate priority of Marshallese living in Hawaii for early vaccination
 - Vaccine shipments are still not being sent directly to Kwajalein (for the Ebeye program to pick up) as planned
 - A portion of the January allotment to RMI was scheduled to be flown directly to Ebeye but was left in Majuro
 - Majuro still has to forward shipments by air to Ebeye at local cost
