**CDC/PIHOA one-on-one USAPI weekly check-ins**  
**Week: 10/5-10/9/2020**

**Regional Summary:**

- COVID-19 cases
  - Guam has 2,989 total cases and 59 deaths with 372 new cases and 9 new deaths reported this week; weekly case counts have increased the past two weeks
  - CNMI has 75 total cases and 2 deaths with 2 new cases reported this week (all imported) and no new deaths
  - American Samoa, FSM, Palau, and RMI remain COVID-free
- Testing capacity
  - All USAPI have at least Abbott ID NOW and GeneXpert capacity
  - Abbott BinaxNOW will soon be supplied to the USAPI
  - There are currently adequate stocks of tests in the region
- Containment strategies
  - Guam and CNMI are allowing travelers to enter with quarantine and testing requirements
  - Palau has completed repatriation and is allowing “essential air service” flights from Taiwan and military flights with testing and quarantine requirements
  - American Samoa has completed repatriation from Samoa and planning is ongoing to repatriate from Honolulu
  - RMI has repatriated from COVID-free countries, and will conduct their first repatriation flight from Honolulu on 10/31
  - FSM is focusing on planning for repatriation from COVID-free countries (beginning with RMI)
- Community mitigation strategies
  - Guam continues to be in “PCOR-1” (strictest level)
  - CNMI has relaxed social distancing measures and most businesses are now open
  - American Samoa, FSM, Palau, and RMI are focusing on education and living normally
- Vaccine Preparedness
  - All USAPI are currently developing mass COVID-19 vaccination campaign plans with CDC support while planning and implementing mass influenza vaccination campaigns
  - PIHOA is requesting federal consideration for 100% vaccine allotment for USAPI
- PPE
  - All USAPI have a stockpile of PPE for COVID-19, though quantities vary
  - Need for inventory systems to calculate burn rates, monitor consumption, and track distribution
