<td>AS</td>
<td>0 cases; 0 PUIs; 59 total samples have been tested on and off-island and all have been negative</td>
<td>~680 Abbott ID NOW tests and 400 GenXpert tests on-island; LBJ is retrofitting their lab for ABI 7500; FEMA may potentially be sending a unit to set up BioFire temporarily to run tests</td>
<td>All flights suspended in/out of AS (extended to 5/31); no ship passengers/crew may disembark; 0 quarantined individuals</td>
<td>Multi-media PSAs; schools suspended; many gatherings canceled and businesses (theater, bingo halls, etc.) closed; church moved to at-home schedules; funerals have been reduced</td>
<td>13 ventilators functional at LBJ; 207 beds, 4-8 ICU beds (1 negative air flow); tents set up outside of LBJ to screen patients; phone line for patients to call for screening; quarantine sites ready for 264 people; swing ward established at LBJ for COVID-19 patients; isolation site (tent) 90% ready with 80-100 capacity</td>
<td>N-95s: 1,380 Surgical masks: 11,270 Gloves: 38,300 Gowns: 5,912 Face shields 4,896 Shoe covers: unk</td>
<td>A lot of pressure for community testing; pressure to relax social distancing measures</td>
</tr>
<tr>
<td>CNMI</td>
<td>14 positive cases with 2 deaths and 12 recovered</td>
<td>Abbott ID NOW tests are being run (900 tests available); GenXpert tests received this week (N=760); ABI 7500 is on-island but awaiting reagents and installation (should be running this month); BioFire is on-island but awaiting panel; community surveillance being conducted using Solgent Diaplex</td>
<td>United flights to resume 5/2 (last was 3/28); all passengers must undergo 14-day facility quarantine; 1 passenger currently in quarantine; alternative quarantine options with testing considered for assistance personnel</td>
<td>Schools shutdown; government shutdown; college moved to an online platform; partial curfew in place; churches canceled; only 10 people in morgue at a time</td>
<td>46 usable ventilators (44 available); new oxygen generator installed and oxygen is being stockpiled; at CHCC- 75 hospital beds (2 occupied), 8 ICU beds (2 occupied), 10 isolation rooms with negative air flow; Kanoa hotel is being set up as an alternative care site- ICU on first floor and floors 2-4 will have medical ward and step-down units (to be ready by third week of May); medical tent is a surge site at the hospital with 40 beds (ready for use); quarantine sites at Kanoa and PIC hotels</td>
<td>N-95s: 56,743 Surgical masks: 152,779 Gloves: 523,925 Gowns: 6,515 Face shields 10,804 Shoe covers: 17,802</td>
<td>Contact tracing and community surveillance support requested (CDC Foundation to provide support)</td>
</tr>
</tbody>
</table>
### Guam
- **146 positive cases with 5 deaths and 131 recovered; positive tests are decreasing and curve is flattening**

<table>
<thead>
<tr>

<tbody>
<tr>
<td>Now running PCR tests, Abbott ID NOW tests, and GenXpert tests; testing requirements have been lowered; active case finding being conducted</td>
<td></td>
</tr>
</tbody>
</table>

**Flights**
- Flights are still arriving in/out of Guam but all incoming passengers are subject to a 14-day facility quarantine

**Mandated Social Distancing**
- Measures to be relaxed slowly beginning 5/7

**Current Healthcare Facilities**
- Currently healthcare facilities are managing cases; an isolation facility has been established at a hotel; working to expand medical surge facilities; extensive contact tracing and follow-up being done

**Exact Numbers Unknown**
- Exact numbers unknown at this time but there are concerns over lack of PPE

**Need for More Tests and Laboratory Testing Supplies**
- Need for more tests and laboratory testing supplies

### Chuuk
- **0 cases; 0 PUI**

<table>

<tbody>
<tr>
<td>Abbott ID NOW up and running (710 tests on-island); GenXpert testing being set up (220 tests on-island); 0 tests performed</td>
<td></td>
</tr>
</tbody>
</table>

**Borders Closed**
- Borders closed until at least 5/31; no ship passengers/crew may disembark; cargo is still arriving via planes and ships; United flights scheduled for May 20/21 and may possibly allow in returning residents

**Education**
- Education is being conducted in communities; schools are closed; churches remain open, but some events have been canceled; hospital has screening at entrance

**Ventilation**
- 4 working ventilators; 11 FEMA vents to be delivered; 104 beds in shared wards (currently 40% occupancy), 9 ICU beds, 14 beds in isolation rooms, no negative air flow rooms; stockpiled oxygen (70 tanks) but need more tanks; quarantine set up for 200 people; Chuuk Gym (70 beds) and Chuuk High School (120 beds) set up as alternative care sites

**Surgical Masks**
- N-95s: 2,106 Surgical masks: 18,650 Gloves: 44,450 Gowns: 3190 Face shields: 3,190 Shoe covers: 8,222

**Need Oxygen Tanks and PPE; Request for TA on Clinical Guidance and Ventilation**
- Need oxygen tanks and PPE; request for TA on clinical guidance and ventilation

### Kosrae

| RMI-Ebeye | 0 cases; 0 PUI | Abbott ID NOW testing (528 tests) available and GenXpert tests currently on-island (220 tests); no tests run | Borders are closed (as of 3/8) to all people until at least 6/5; cargo still received by APA | Screening outside of hospital; limited social distancing occurring; schools, churches, etc. still ongoing but implementing some safety measures; currently making cloth face masks | 1 working ventilator; 1 broken vent but no biomedical engineer on-island to fix; 1 anesthesia vent; 4 vents to arrive from FEMA; isolation facility plans prepared and funding secured but construction has not yet started; new oxygen generator ordered and currently using old generator carefully to stockpile oxygen (70+ tanks); assessing options for quarantine sites but Kwajalein base has agreed to absorb some passengers when needed (70+ beds) | N-95s: 5,845 Surgical masks: 3,405 Gloves: 14,950 Gowns: 515 Face shields: 763 Shoe covers: 0 +awaiting more PPE to be forwarded from Majuro | Request for TA-Ebeye would like to conduct tabletop exercises but unsure on how to do this; staffing needs |
Regional Summary:

- Testing capability is improving but still limited
  - All USAPI now have testing capacity on-island
  - Small numbers of tests available on-island
  - There is a need for additional lab supplies (especially swabs and VTM)
  - Questions about using donated antibody tests
  - Pressure for community testing in some USAPI
- Concerns with medical surge and case management
  - Questions about what medical supplies (including drugs) and quantities should be procured
  - Challenges with procurement (relatively small orders, global shortages, slow procurement processes locally)
  - Request for clinical training on COVID-19 patient management and ventilation (specific to USAPI)
  - Need for inventory systems and inventory management training
  - Request for facility assessment and guidance for improvement
  - Request for guidance on management of human remains (on and off-island deaths)
  - Request for more support on contact tracing (training, materials, staff)
- Technological challenges
  - Limited use of telehealth on-island
  - Concerns with IT infrastructure for on/off-island telemedicine
- Transportation challenges
  - Many USAPI have stranded residents who want to return home
  - Request for TA on quarantine protocols for travelers
- Challenges with PPE
  - Need for inventory systems and calculating burn rates
  - Request for guidance or protocols for PPE preservation and reuse and PPE use training
- Questions regarding community mitigation strategies
  - Request for TA on appropriate levels of social distancing
  - Request for TA on risk communication
