<td>AS</td>
<td>0 cases; 0 PUIs</td>
<td>Abbott ID NOW (4,138 available) and GeneXpert (2,923 available) testing on-island; LBJ is now running ABI 7500; ASDOH is also procuring ABI 7500 and expanding lab; 1,528 total samples have been tested (patients, travelers, first responders)- all negative</td>
<td>All flights suspended in/out of AS (extended to 8/31); some individuals allowed into AS via military flights w/ testing and quarantine requirements; repatriation from Samoa is ongoing with 239 released and 25 currently in quarantine</td>
<td>Social distancing measures have been relaxed and American Samoa is currently at “code blue” allowing schools and daycares to open, businesses to open 5am-9pm, and community activities to take place until 9pm</td>
<td>51 ventilators functional at LBJ (50 available); 132 beds (55 available); 16 total isolation COVID beds in swing ward at LBJ (8 beds) and COVID tent outside of LBJ (8 beds) (16 total available); 2 quarantine sites are functional with 94 total rooms</td>
<td>Stocks unknown at this time</td>
<td>Need to establish system for monitoring PPE stocks, distribution, and burn rates; working on repatriation plans for residents returning from Hawaii</td>
</tr>
<tr>
<td>CNMI</td>
<td>54 total cases with 2 deaths and 47 recovered; 5 new cases this week (3 travelers); 28 of the total cases were travelers; 2 new cases from community but unclear if active</td>
<td>Abbott ID NOW (8,881 available) and GeneXpert (5,556 available) testing on-island; 17,276 total specimens collected; ABI 7500 installed and running; community surveillance being conducted using Solgent Diaplex PCR; BioFire also on-island</td>
<td>Passengers are tested upon arrival, then retested after 5 days and required to complete a 5 to 7-day facility quarantine; 128 currently in facility quarantine (Kanoa and Marianas Resort); Sara Alert used for follow-up</td>
<td>Social distancing efforts are slowly being relaxed and CNMI is currently in “code blue” allowing most businesses to open with certain restrictions and gatherings of no more than 25</td>
<td>46 usable ventilators (44 available); at CHCC- 75 hospital beds (40 available), 8 ICU beds (7 available), 4 beds in COVID unit (4 available); Kanoa hotel is set up as an alternative care site with ICU, medical ward, and step-down units; medical tent is outside of the hospital with 40 beds; isolation is also at Kanoa (5 currently in facility isolation)</td>
<td>N-95s: 66,240 Surgical masks: 606,825 Gloves: 286,640 Gowns: 13,152 Face shields: 3,734 Shoe covers: 6,200</td>
<td>Will need ongoing pipeline of tests for travelers and ongoing contact tracing and community surveillance; need more lab space to accommodate COVID and routine tests</td>
</tr>

<td>Guam</td>
<td>704 total cases with 6 deaths and 381 recovered; 227 new cases this week; weekly case numbers are rising</td>
<td>0 cases; 0 PUIs</td>
<td>Now running ABI 7500, Abbott ID NOW, and GeneXpert; 30,857 total tests have been conducted; 2.3% positivity rate</td>
<td>Quarantine and testing rules for incoming passengers are dependent upon resident status, country traveling from, pre-travel testing, and length of stay in Guam</td>
<td>Guam moved to PCOR-1 level last week (most strict), then implemented a 7-day lockdown this week to attempt to bring case numbers down</td>
<td>17 hospitalized cases; isolation facility has been established at a hotel (33 currently in facility isolation, 152 in home isolation, 115 in military isolation); extensive contact tracing and follow-up being done, and 5,392 contacts have been identified</td>
</tr>
<tr>
<td>Chuuk</td>
<td>0 cases; 0 PUIs</td>
<td>Abbott ID NOW (4,095 available) and GeneXpert (1,516 available) testing on-island; 12 total tests conducted on-island (all negative)</td>
<td>Borders closed until at least 9/30; FSM National is working on plans for repatriation; simulation exercise is being planned with National; currently not prepared for repatriation</td>
<td>Education is being conducted in communities; social distancing is being encouraged but not enforced</td>
<td>21 working ventilators; at hospital: 104 beds in shared wards, 9 ICU beds, 14 beds in isolation rooms, no negative air flow; quarantine site needs to be established; Chuuk Gym (70 beds) and Chuuk High School (120 beds) set up as alternative care sites but lacking items to complete</td>
<td>N-95s: 20,530 Surgical masks: 54,080 Gloves: 96,100 Gowns: 3,218 Face shields: 3,161 Shoe covers: 6,722</td>
</tr>
<tr>
<td>Kosrae</td>
<td>0 cases; 0 PUIs</td>
<td>Abbott ID NOW (1,387 available) and GeneXpert (938 available) testing on-island; 9 tests conducted on-island (on individuals repatriated to RMI) but planning to expand testing</td>
<td>Borders closed until at least 9/30; FSM National is working on plans for repatriation; working on gaps identified during simulation exercise that was conducted with National but currently not prepared for repatriation</td>
<td>Community-level education by Risk Communication Committee; social distancing is being encouraged but not enforced</td>
<td>3 FEMA vents on-island; 45 hospital beds (2 ICU in 1 room), 5 isolation rooms, no negative air flow; a quarantine facility (24 rooms) is to be built in 2-3 months; temporary quarantine site has 13 rooms with shared facilities; plans to expand isolation ward with 8 additional beds</td>
<td>N-95s: 1,815 Surgical masks: 9,803 Gloves: 6,200 Gowns: 697 Face shields: 672 Shoe covers: 100</td>
</tr>

</table>

### Facilities
- **Guam:**
  - Quarantine facility has been established at a hotel.
  - 17 hospitalized cases; isolation facility has been established.
- **Chuuk:**
  - 21 working ventilators; at hospital: 104 beds in shared wards, 9 ICU beds, 14 beds in isolation rooms.
- **Kosrae:**
  - 3 FEMA vents on-island; 45 hospital beds (2 ICU in 1 room), 5 isolation rooms.

### PPE Stocks
- **Guam:**
  - Surgical masks: 54,080
  - Gloves: 96,100
  - Gowns: 3,218
  - Face shields: 3,161
  - Shoe covers: 6,722
- **Chuuk:**
  - Surgical masks: 54,080
  - Gloves: 96,100
  - Gowns: 3,218
  - Face shields: 3,161
  - Shoe covers: 6,722
- **Kosrae:**
  - Surgical masks: 9,803
  - Gloves: 6,200
  - Gowns: 697
  - Face shields: 672
  - Shoe covers: 100

**Borders are closed (as of 3/8)** to all people until at least 9/5; ships must be at sea for 14 days before coming into port; Travel Advisory #16 in effect; working to develop protocols to repatriate from Guam/Honolulu; simulation exercise conducted last week to identify gaps.

**Multiple media strategies including community meetings; normal activities have resumed; social distancing being encouraged but not enforced**

**2 ventilators + 10 new** (some to be sent to Ebeye); 8 vents from FEMA; more vents being procured; 108 hospital beds (3 ICU), 8 isolation rooms (1 with negative air flow); new isolation building (8 isolation rooms with negative air flow)-completed but waiting on some equipment installation; new quarantine facility (24 beds) built and old facility still usable (80 beds)

**Screening outside of hospital; limited social distancing occurring but implementing some safety measures**

**2 permanent ventilators on-island but both need repair to function; 4 FEMA vents; isolation facility is being built and renovated**

**TB trailer is being prepared (6 beds) for temporary isolation; working to convert Wellness Center and Gugeegue Clinic into quarantine sites; Kwajalein base has agreed to quarantine passengers (70+ beds); new oxygen generator ordered and currently using old generator**

**Low PPE stocks; need to prepare facilities for repatriation**

**Simulation exercise conducted last week to identify gaps**

**Low PPE stocks; need to prepare facilities for repatriation**
Regional Summary:

- **COVID-19 cases**
  - Guam has 704 total cases with 227 new cases reported this week (alarming increase this week)
  - CNMI has 54 total cases with five new cases reported this week (three passengers, two community)
  - American Samoa, FSM, Palau, and RMI remain COVID-free

- **Testing capacity**
  - All USAPI have at least Abbott ID NOW and GeneXpert running
  - PCR is available in Guam, Palau, CNMI, and American Samoa; installation is underway in Majuro
  - There are currently adequate stocks of tests in all USAPI except for Guam who requires more tests and testing capacity
  - USAPI without cases are primarily using tests for symptomatic patients and repatriation
  - Some USAPI with expiring Abbott ID NOW tests are willing to ship tests to Guam

- **Containment strategies**
  - Guam and CNMI are allowing travelers to enter with quarantine and testing requirements
  - Palau and American Samoa are currently repatriating residents and essential workers with quarantine and testing requirements
  - FSM and RMI have not yet opened borders, but are planning for repatriation through simulation exercises
  - There is pressure in some USAPI to further open borders and/or relax quarantine requirements

- **Community mitigation strategies**
  - Guam shifted from PCOR-3 to PCOR-1 last week and moved to a complete 7-day lockdown this week
  - CNMI has relaxed social distancing measures and most businesses are now open
  - American Samoa, FSM, Palau, and RMI are focusing on education and living normally

- **Medical Preparedness**
  - The first round of clinical training over Zoom (16 courses over eight weeks) completed
  - Adequate numbers of ventilators and oxygen delivery supplies are in all USAPI
  - USAPI are beginning to think about mass vaccination plans

- **PPE**
  - All USAPI have a stockpile of PPE for COVID-19, though quantities vary
  - Need for inventory systems to calculate burn rates, monitor consumption, and track distribution
