COVID-19 Containment strategies

- American Samoa runs limited flights under the Talofa Pass system for vaccinated travelers with pre-departure testing (for travelers from outside the US and Samoa) and arrival testing for all travelers with mask requirements on the vessel until receipt of arrival testing results.
- FSM runs regular flights for fully vaccinated travelers. Yap, Pohnpei, and Kosrae have no quarantine or testing requirements for entry; Chuuk continues state-mandated 14-day travel quarantine and pre-/post-arrival testing requirements.
- Guam has no entry requirements.
- RMI has re-opened its borders and ended its Safe Travel program. Travelers must be fully vaccinated with primary series and booster as eligible; required mask-wearing enroute, testing on arrival, and 5-day home quarantine. Travel to neighboring islands is restricted.
- CNMI has no entry requirements.
- Palau runs regular Guam and Taiwan flights for vaccinated travelers with mitigation orders on arrival.

USAPI Vaccine Summary Tables and Charts:

**Note that all data except for those detailing Outer Island coverage rates comes directly from Tiberius. Thank you to Katrina Myers and the entire USAPI Tiberius Team for helping assemble “Dr. B’s Famous Slide-set.” Thank you to the jurisdictions who enter this data into WebIZ daily to keep it up to date.*

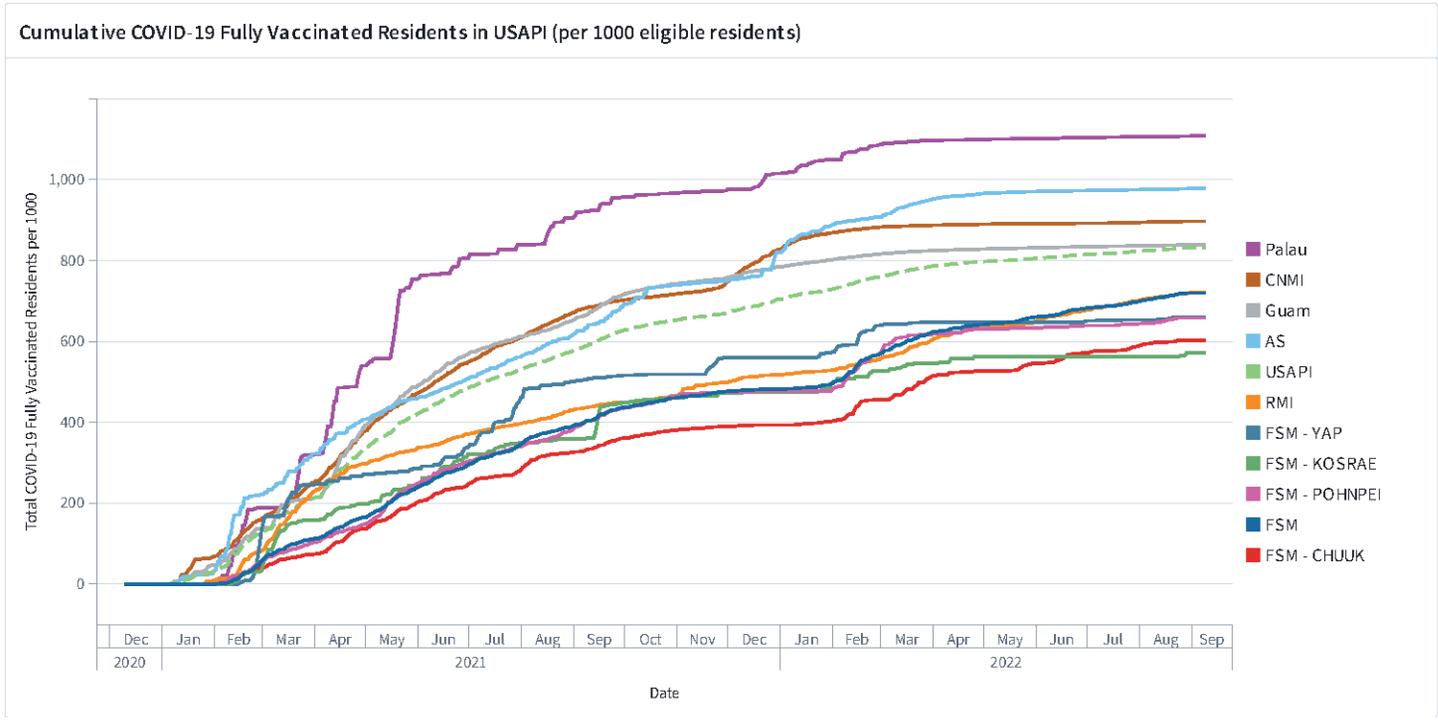

**Outer Island data was provided by each jurisdiction based on their outer island outreach activities. Because of this, there may be discrepancies between the two data sets (Tiberius and the Jurisdiction Outer Island Data). Also, some jurisdictions have yet to report their data in detail. Thank you to Dr. Haley Cash for assembling the Outer Island table and each of the jurisdictions for collecting and reporting this unique yet important data.*
