Candace Koshiba

Program Manager

Prevention Unit
Bureau of Public Health

*Ministry of Health and
Human Services, Palau*

This month we shine the spotlight on Palau, with their groundbreaking public health law, banning e-cigarettes. Join us for an engaging session focused on the vital role of health law and policy. Candace Koshiba will delve into the development and implementation of Palau's new proactive Health Law, showcasing how it has ceased the importation, use, possession and sale of e-cigarettes across the Island. This pioneering initiative aims to safeguard the health outcomes of Palau's current and future generations.
